- This tournament WILL ADHERE TO THE ILLINOIS CHARITABLE GAMES ACT. NO EXCEPTIONS. If you are not familiar with the legal payouts please call 708-935-2861 for further clarification. So far there has been no issue with payouts in the 6 years of big buy-in windy city poker championship events.
- The goal is to payout top 6 with 5 and 6 minimally getting their \$3,000 entry back with the remainder being paid out to the top 4.
- There is no refund for player entries either via qualifier(s), or sponsor paid seats. Seats can NOT be transferred to another player without producer approval for Pre-PAID entries only.
- This tournament will play no less than 6 handed and no more than 10 handed at the feature table(s) pending total player entries. The non TV final table will be 9 handed meaning at the near end of the tournament two tables will play 5 handed till we have a official final table.
- Producer has discretion for players selected for first feature table and second feature table, seat drawings at each table will be random. Once the first TV feature table is complete then the second table will play their set amount of time while the first table takes a break. Once the second feature table is completed then both tables will go and play in a MTT format till the final 6 players who will be recorded at the TV table as well. Each TV feature table will equal no more than 1 broadcasted episode. The final 6 will also equal no more than 1 broadcasted episode. ALL of the coverage will be produced for online broadcast in its entirety. The broadcasted episodes will be edited down for content at the producers' sole discretion. The current plan is to tape each feature table for no less than 1 hour and no more than 1 hour and 40 minutes. If there is a 3<sup>rd</sup> feature table due to 21 player entries then we will host 3 feature tables with 1 hour of play at each TV table.
- Feature table is first come first served, based on total number of expected entries we may start short handed and Kirk may select certain players to be at the feature table for the first go at it. The second feature table will play off the TV table for the first 4 levels before moving over to the feature table. Both tables will start at the same time and play the same levels. Once the 8<sup>th</sup> level is completed then both tables will play off the TV table for the remainder of the tournament till we get to the final 6.
- Illinois charitable games act allows for players win tin \$500 in cash winnings above their original buy-in. The remaining prize pool can be allocated however the charity/player wants.
